

THE NEXT GENERATION SCHOOL ERP

Run Your Entire School From One Unified Dashboard.

Replace fragmented legacy tools with a single, synchronized platform for administration, accounting, academics, and parent engagement.

100% Cloud Based

Access from any device, anywhere. Zero local servers required.

Bank-Grade Security

256-bit AES encryption ensuring student data privacy.

API Driven Ecosystem

Natively connects with Tally, Razorpay, WhatsApp, and Biometrics.

Zero-Leakage Financial Command.

Complete control over your institution's cash flow, integrated directly with online gateways and Tally ERP.

Fee Collection Desk

FEE DESCRIPTION / HEAD	AMOUNT DUE (₹)
Previous Dues / Arrears	₹2300.00

Automated Fee Engine

Configure complex class-wise fee structures, apply sibling scholarships automatically, and let the system calculate strict late fines on due dates.

Payment Gateways

Natively integrated with Razorpay. Parents pay directly from the app, instantly updating ledgers and generating digital receipts.

Payables & Expenses

Maintain a strict Chart of Accounts. Log vendor invoices, track staff salary payouts, record fuel expenses, and view real-time Profit & Loss.

Direct Tally Sync

Eliminate manual dual entry. Push all daily fee receipts, vendor payments, and payroll journals directly into your Tally software via XML API.

Digital Wallets & POS

Students use their RFID ID cards as digital wallets to purchase items at the school Canteen or Stationery shop via our integrated POS terminal.

General Receipts

Record miscellaneous income (e.g., scrap sales, donations) and pass manual double-entry journal vouchers to keep accounting pristine.

Hardware-Synced Payroll.

Connect physical security gates to the cloud for unbeatable security, automated absence alerts, and precise payroll.

Biometric & Facial Hardware

Link physical attendance machines to student and staff logs.

Device Connection Settings System Active

Hardware Vendor / Provider * Data Sync Method *

e.g. ZKTeco, eSSL, Matrix Webhook (Device pushes to us)

API / Webhook URL *

<https://api.provider.com/v1/logs>

For Webhooks, point your device settings to: <https://saraswatiisrsecschool.in/api/hardware/biometric-push>

API Key / Authorization Secret

Bearer Token or Secret Key

Field Mapping (JSON) Advanced Setting

```
{"user_id": "emp_code", "timestamp": "punch_time"}
```

Map external JSON keys to Cystore keys. Cystore keys: user_id, timestamp, device_id.

Never Synced

Need Help?

Hardware integration requires a static IP or a cloud-enabled attendance machine. Contact Cystore support for device compatibility.

Facial & RFID Sync

Direct webhook integration with ZKTeco and eSSL. Punches instantly reflect in the dashboard and can trigger automated WhatsApp alerts to parents.

Geo-Fencing Attendance

Allow authorized staff (like drivers or field staff) to punch in via the mobile app, strictly verified by their live GPS coordinates and radius.

Automated Payroll

Salaries are auto-calculated at month-end based on biometric presence, approved leave requests, and specific allowance/deduction components.

Leave Management

Staff apply for leaves via the app; admins approve/reject with a single click. The system automatically tracks leave balances.

Smart Gate Logs

Monitor every entry and exit. The system logs IN/OUT directions for students, staff, and even school vehicles using long-range RFID tags.

Document Vault

Securely store staff PAN cards, qualifications, and police verification records directly within their digital employee profile.

Complex Grading Made Simple.

Manage the entire academic lifecycle from daily lesson planning to the generation of final comprehensive report cards.

Lesson Plans

Manage teacher schedules, topics to be covered, and teaching methodologies.

Timetable Generator

Intelligently map subjects, teachers, and rooms to generate optimal, conflict-free weekly schedules that reflect on the staff mobile app.

Lesson Planning

Teachers create detailed daily plans, map teaching methods, and track syllabus completion progress. Admins can audit academic pacing.

Online Exams (CBT)

Conduct secure online tests with auto-grading, randomized multiple-choice questions, subjective answers, and instant result generation.

Outcome-Based Edu (OBE)

Map exam questions directly to cognitive levels (Remembering, Analyzing) and specific learning outcomes (CO1, CO2) for advanced accreditation.

Custom Grading Systems

Full support for complex grading, including traditional percentages, GPA systems, and advanced CBSE co-scholastic mark structures.

Dynamic Report Cards

Print stunning, customized report cards with automatic rank calculation, weighted exam averages, and digital principal signatures.

AI Risk Scoring & Behavior.

Move beyond just marks. Track holistic development, discipline, and intervene early when students need help.

The screenshot displays a student profile for John Doe, a 10th-grade student. The profile includes a navigation menu with options like Academics, Finance, Logistics, Co-Curricular, Diary, Behavior, and Wallet. A prominent feature is the 'AI Status: At Risk' alert, which highlights 'High Pending Dues (₹23600)' and 'Recent Behavioral Incidents'. A 'SMART CARD BALANCE' of ₹2,000.00 is shown, along with a 'Recent Transactions' log indicating a 'Manual Cash top-up by admin' for ₹2000.00 on 10 Apr 2026. The profile also lists personal details (DOB: 07 Apr 2000, Gender: Male, Phone: 1234567890) and family links (Parent: David, Father, 1234567890). No siblings are found.

AI Risk Profiling

Smart algorithms analyze sudden drops in attendance, failing grades, and late fees to predict and flag at-risk students for early counseling.

Incident & Discipline Logs

Track positive and negative behavior with a dynamic point-scoring system. Log incidents like bullying or outstanding achievements.

Digital Teacher's Diary

Send secure, direct remarks to parents regarding daily behavior or missing homework.

Assembly Checks

Teachers can quickly log uniform violations, late arrivals, and hygiene parameters for instant parent notification.

Extra-Curricular Tracking

Manage student enrollments in sports teams, clubs, and track their achievements, medals, and participation at inter-school events.

Health & Medical Records

Maintain critical health data including blood groups, emergency contacts, chronic conditions, and logs of visits to the school infirmary.

Fleet, Security & Automation.

Ensure student safety, streamline daily physical operations, and automate mass communication via APIs.

Live Fleet Tracking

Real-time GPS telemetry and engine status monitor

Simulate Ping Refresh Now

Active Fleet

GPS Fleet Telemetry

API pulls live bus GPS data so parents can track routes. Manage pickup points, track fuel consumption, and log vehicle maintenance.

Secure CCTV Streaming

Route secure RTSP camera feeds to parent apps. Access is strictly governed by admin-defined schedules (e.g., only visible during lunch hours).

WhatsApp & SMS API

Natively integrated with Wamebo and Meta Cloud API. Automatically dispatch fee reminders, absent alerts, and broadcast holiday messages instantly.

Complaint Helpdesk

Parents raise digital tickets. Route complaints to teachers, reply, and collect post-resolution satisfaction ratings to monitor school quality.

Library Management

Complete physical book cataloging. Track issued books, manage due dates, and auto-calculate late fines.

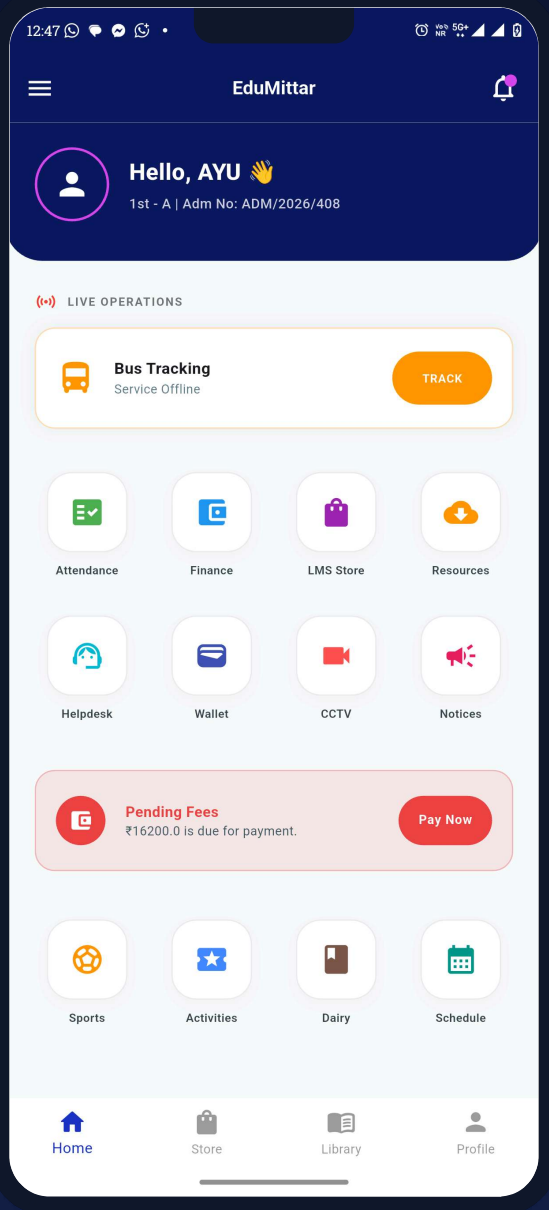

Hostel & Visitors

Manage room and bed allocations, configure monthly hostel fee structures, and digitally log all front-office visitor gate passes with photos.

NATIVE MOBILE APPS

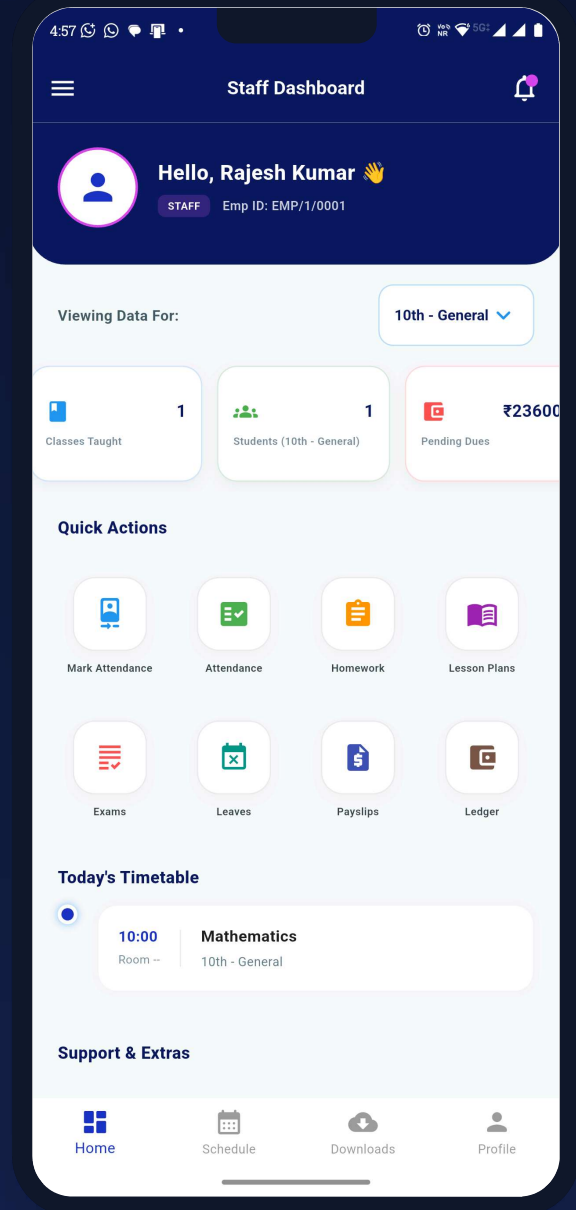

Pocket-Sized Power.

Keep your community connected 24/7 with bespoke native applications for both Parents and Staff members.

Parent Portal App

Pay fees securely via Razorpay, track bus GPS, acknowledge digital diaries, view CCTV feeds, and download report cards.

Staff & Teacher App

Mark attendance digitally, assign homework, approve student leaves, manage lesson plans, and view monthly payroll slips on the go.
